STYLE GUIDE

Overview

This style guide defines the visual identity for NBA Management System. Any applications/programs, documents, training materials, etc must follow this guide.

This style guide has been created to make sure that everything developed for NBA Management System is consistent and professional. It covers professionalism, colours, logo use, fonts, etc.

Professionalism

To make sure that the NBA Management System is respected as a professional organisation, follow these rules.

Ensure that all interfaces, documents, etc are clean, consistent, visually-appealing and free of errors. They must be easy to read and easy to understand.

Use good alignment and appropriate whitespace. Group user interface elements together logically as needed to make the system easy to use.

Use labels and help messages to guide users through the system.

1. USE OF LOGO

The following logo should be shown on every form and report in the system. Please refer to the wireframe for the Logo positions.

2. COLOR

The following color must be used for the footer of all the forms in your system. Please refer to Diagram 1 below:

R:105 G:149 B:194
